(As it should appear on any official materials such as the website and/or awards.)

Address: _____ Phone: _____

_____ Fax: _____

_____ Email: _____

Primary Profession / Occupation: _____

Personal Statement (should fit on this page, approximately ½ page in length):

What is your personal vision (nominated individuals), or organization's vision (nominated organizations), for the outcomes of science education in Washington State?

Advocacy Efforts (should fit on this page, approximately 1 page in length):

List what you consider to be the specific advocacy efforts you, or the nominated organization, have undertaken that have resulted in the greatest discernable enhancements to science education in Washington state, addressing one or several of the following categories:

- *promoting the importance of science education among the general public*
- *seeking out and engaging new and diverse participants and/or investors in science education*
- *enabling and influencing others to act in the interests of science education and/or its reform*
- *making enhancements to science education by efforts at local, regional and/or state level in Washington*
