

# PRIMARY SCIENTIFIC INVESTIGATION PLANNING TEMPLATE

Our **question** is:

Our **prediction** is:

Our **materials list** is:

The step-by-step **procedure** is:

The **variable** we are **changing** is:

The **variable** we are **measuring** is:

The things we will **keep the same** are:

### Title of Data Table

CHANGED VARIABLE		Trial 1	Trial 2	Trial 3	Average

Conclusion:

- Prediction
- High data
- Low data
  - Only
- Wrap it all up
